

## Carlos POWER-NAILS

“IT’S CHANGED MY LIFE! IT’S THE GREATEST THING THAT HAS EVER HAPPENED, IT’S JUST FANTASTIC, I CAN’T SAY ENOUGH ABOUT IT. IT’S VERY SIMPLE AND VERY QUICK.”

*From Pat Metheny’s interview in Fingerstyle Guitar, August 2006*

*Nails-reinforcement set includes custom UV-gel (hardens within 3 minutes under the UV-Lamp) plus all the accessories.*

**NEW 2008 Set All-In-One**

**MSRP € 160**

## Carlos ACOUSTIC GUITAR STRINGS

“I TRIED A SET OF YOUR STRINGS ON MY SANTA CRUZ ‘H’ MODEL (SIZE OO) AND THEY ARE VERY GOOD. I MUCH PREFER THEM TO MARTIN SP’S AND I ENJOYED THEIR WARMTH AND DEPTH OF TONE. THEY FEEL MUCH MORE NATURAL THAN ELIXIRS AND THEY STAYED SOUNDING GOOD FOR A COUPLE OF WEEKS.” *Harry Bogdanovs (David Knopfler, Westernhagen, John Farnham)*

*A vibrating string has certain resonance frequencies, each associated with a particular pattern of vibration called a vibration mode. The corresponding resonance frequencies are fundamental to the 3 harmonics of the note to which the string is tuned. Wrong-alloyed or bad-coated string will not be set into vibration in the shape of all of these modes and will not continue to vibrate in this shape at the corresponding resonance frequency. „Carlos“ strings enable the guitarist to now vary the mixture of amplitudes of the various modes. By plucking at different points on the string he participates in this process with his personal playing dynamics.*

**NEW SUPERIOR Phosphor Bronze Wound (012-053)**

**MSRP € 12**

## Carlos FLAMENCO FINE-TUNING PEGS

*Flamenco guitars with pegs offer more sustain, bigger volume and full bodied tone; there is no loss of strings vibrations and tone-transmission as with classical tuners. Carlos Pegs are easy to tune with left hand as any other friction-tuner.*

**MSRP € 160**

## Carlos SIGNATURE GUITARS

*These guitars are highly professional instruments made on order only. Each is equipped with Carlos Fine-Tuning Pegs and CP-1 High-End pickup system with optional volume control pot in the bridge. Models incl. Blanca and Negra. Photo shows the prototype signed by the legendary Pat Metheny.*

**MSRP FROM € 3,490**
