“CARLOS AND I SHARE A PASSION FOR MUSIC, BUT A BIG PASSION FOR GUITAR, AND HE IS CONTINUOUSLY INNOVATING PRODUCTS FOR GUITARISTS. HIS LIFE, LIKE MINE, IS DEDICATED TO MUSIC IN GENERAL AND THE GUITAR IN PARTICULAR. WE HAVE MUCH IN COMMON.” *John McLaughlin*

CARLOS JUAN is widely recognized as one of the premier authorities in the Guitar World. The Puerto Rican native is a full blooded musician, experienced guitar technician and is known for his innovations in the musical instrument industry. Before settling down in Germany in 1982 he toured the world as a professional musician. His book “Collectables & Vintage Buyers Guide 1995” is by far the largest international reference-book of collectable guitars, and is often referred to as “the collector’s bible”. Carlos’ list of clients reads like a “Who’s Who” in business. Oscar Castro-Neves points that “Carlos Juan understands the sound of a guitar from A to Z” while George Benson loves his attitude adding „a very pleasant man“.
